

DENVER VIBRATOR

An American Tradition

IMPORTANT SAFETY INSTRUCTIONS

Rules for safe High Cycle, Universal and Flexible-shaft model electrical vibrator operation:

Failure to follow these instructions may lead to serious injury or even death. This equipment is to be operated by trained and qualified personnel only.

This equipment is for industrial use only.

Do Not operate this equipment before reading this information.

- **Do not** work alone.
- **Know** how to stop the equipment quickly and understand how to operate all of the controls.
- **Always** wear personal protective clothing, safety glasses and other personal protection devices according to the rules of the work area.
- **Always** wear rubber boots and gloves as added protection when operating a concrete vibrator or similar device in water based solution.
- **Do not** operate concrete vibrators or other electrical tools standing in water, with wet hands or in the rain. Electrical shock could occur resulting in bodily injury or even death.
- **Use** adequate size connecting cable for extension cords.
- **Maintain** electrical cords in good condition and have damage repaired by a competent, qualified electrician prior to use. Damaged, frayed or exposed wiring can result in electrical shock causing severe bodily harm or even death.
- When using a generator as a power source, the **generator must be grounded** to an external grounding source. Ground the generator from the lug provided by the manufacturer according to Federal, State and local codes for site conditions. Failure to properly ground this equipment can result in serious bodily harm or death.
- **Check** all tools for proper ground or circuit protection.
- **Excessive** vibration can result in numbness or loss of feeling in the hands. Stop using the vibrator if this occurs and allow normal feeling to return before returning to the work.

Emergency Preparedness:

Know the location of the nearest fire extinguisher and first aid kit.

Know how to contact the nearest ambulance and / or Fire Department.
